Epic Tisch Kicks Off The Year!

The sound of passionate singing reverberated throughout the school as Rambam ended the first week of school with a mega-Tisch! Dazzling new lights, provided by Aaron Friedman, created an intimate atmosphere that was enhanced by the sounds of Rabbi Boiangiu's and Yoni Saffra's guitars mingling with the voices of the school. With the Seniors, the Class of 2018/5778, in the middle of the circle, each song was more meaningful than the next and the Tisch ended with everyone on their feet, dancing away!

After the singing, the whole school was treated to Cholent and Kugel (Parve and Fleishig of course) before heading home for a meaningful Shabbos!

Freshman Orientation Bowling Trip

It is hard to believe from the smiling faces below that the Freshman come from over

a dozen elementary schools and that these guys barely know each other! The bowling trip held during Freshman Orientation allowed the students to find time to bond, and begin to form friendships that will last a lifetime! Clearly things are off to a great start!
